Excavation Damage

1. The owner/excavator will be held responsible for any damages to roadways, right of ways, drain ditches, water mains and/or waste water lines.
2. In the event of damages as mentioned in #1 above, all damages must be repaired to the satisfaction of Maintenance Manager.
3. Road dust guard or asphalt cold patch must be replaced when required.
4. During excavation, the Owner/Excavator must assure that sand, stones, and/or debris does not hinder the flow of water in the drainage ditches or roadways. Sand from excavation must not be allowed to wash down into the drain ditches by rain water.

Damage Repair

1. If the Maintenance Manager or representative concludes that the damage repair is not satisfactory, the Owner/Excavator will be notified as to further repairs.
2. If the repairs are not completed in a reasonable amount of time the association will make the necessary repairs and the owner/excavator will be billed for all costs.
